

The Radio Telling Story – 2019 – KTDB-FM

1. This Tribal radio station will continue reach out to serve a big portion of rural area in the Native country with education designed to serve the needs of minority as well as diverse audience.
2. This Tribal radio station is here to work closely with local minority controlled school as well as with tribal government and include diverse audience.
3. This Tribal radio station announces all disasters in different parts of the countries and inform minorities, diverse audience on health and environmental issues. People either called, texted, email or coming by the station with a thankful heart for the broadcast.
4. This Tribal radio station -KTDB continues to address the needs of minorities and diverse audience. KTDB broadcast in English and Navajo language for 45 years. Many community members are elderlies, They do not understand or write English language.
5. It is good to have educational radio communication in place in a remote area to serve, educate and provide daily up dated news and weather report; without grant more likely most service will go away.
